5 MAKE YOUR PICKUP SELECTION

on the My Quote landing page, or arrange a pickup.***

6 SEND YOUR SHIPMENT

LAST MINUTE RATES NOW AVAILABLE INSTANTLY

Login to your FedEx account and enter your shipment details into the rate calculator to see last minute rates.

* Affects U.S. payers shipping U.S. outbound FedEx International Priority Freight/heavyweight shipments or FedEx International Economy Freight/heavyweight shipments. Applies to a shipment's actual or dimensional weight. Dimensional weight reflects a package's density, which is the amount of space a package occupies in relation to its actual weight. For each shipment, your charge is based on the dimensional weight or actual weight of the package—whichever is greater. FedEx reserves the right to re-weigh and measure each package to verify the actual weight and dimensional weight provided by the sender. If the dimensional weight exceeds the actual weight, the package will be rated based on dimensional weight and subject to additional charges. Calculate your shipment's dimensional weight at https://pages.message.fedex.com/weight_calculator

** Hours of operation are Monday through Friday, 7 a.m. to 7 p.m. Central time. Some destinations may require more time to confirm availability.

*** Arrange pickups on FedEx Ship Manager, at fedex.com/en-us/shipping/freight/pickup.html, or at 1.866.393.4585.

Quotes for dangerous goods shipments will only be provided by emailing MyQuote agents. If you have questions regarding dangerous goods, you may contact our Dangerous Goods Hotline at 1.800.463.3339.

For more info, contact your FedEx account executive or go to fedex.com/lastminuterates to enter your international freight quote details.
