

# Starship - User Setup Printers

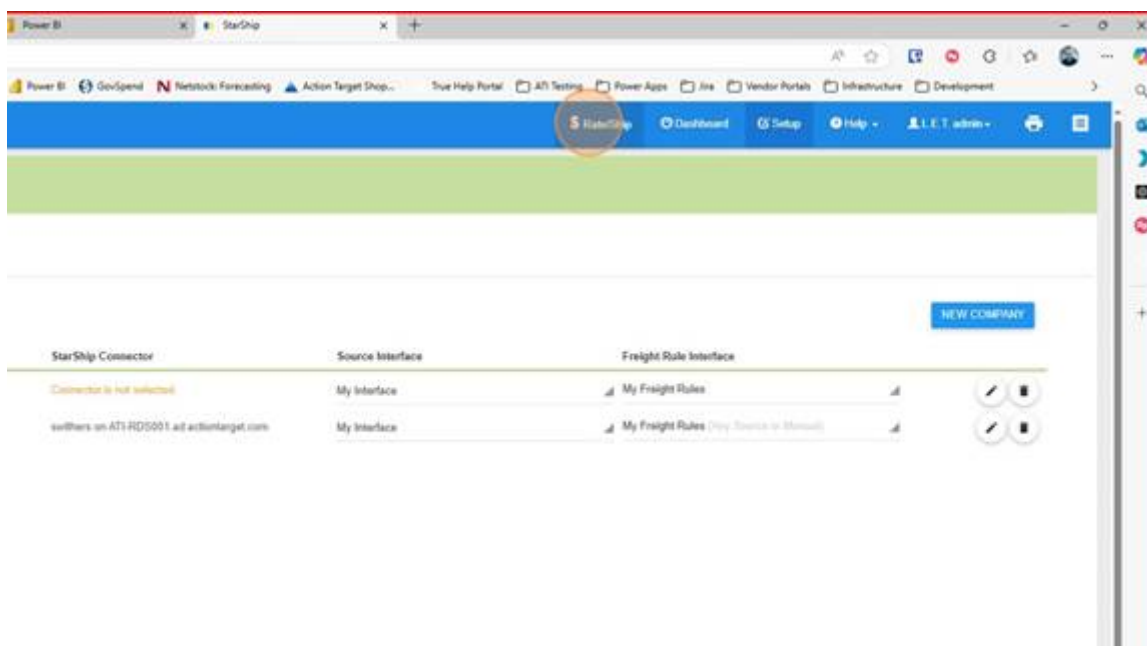

Follow these steps to setup the Printers for the user. Typically 2 printers are needed:

- Laser Printer
- Lable Printer

**The Starship Online Connector on your desktop must be setup and running on your desktop before you can do any of these steps.**

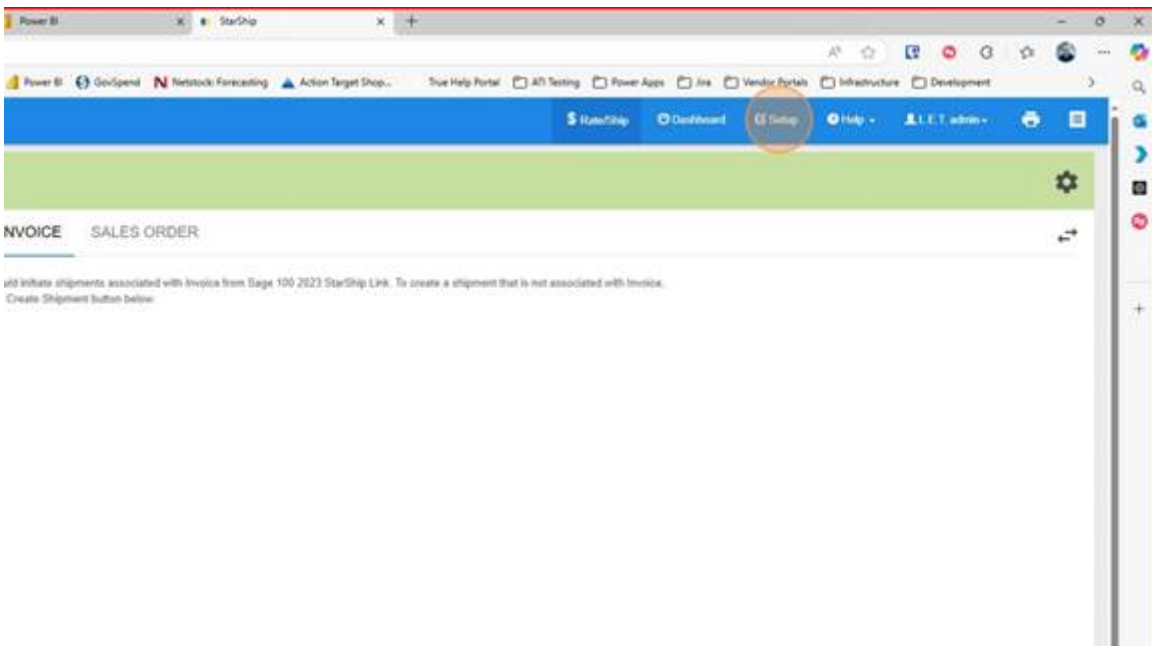

1. Click on "Rate/Ship"

2. Choose the user connector

3. Click on Setup

4. Click on "Printing and Scale"

The screenshot shows a software interface with a sidebar on the left and a main content area on the right. The sidebar contains several menu items, with 'Printing & Scale' highlighted in green and circled in orange. The main content area displays a table of interfaces for 'Smart Targets, Inc.' with columns for 'No. of accounts', 'Enabled', and 'Status'. The table lists five interfaces, with the first one marked as 'Not Ready' and the others as 'Ready'. A 'MODIFY' button is visible next to the company name. Below the table, there is a link to 'Show All' for 3 more carrier interfaces.

Smart Targets, Inc. **Default Address:** MAIN  
3411 S. MOUNTAIN VISTA PKWY  
PROVO, UT 84606 [MODIFY](#)

### Interfaces

that will be used for electronic calling, shipping, and tracking, and maintain the list of carriers used for Manual Processing

No. of accounts	Enabled	Status
0	Yes	<span style="color: red;">Not Ready</span>
2	Yes	<span style="color: green;">Ready</span>
1	Yes	<span style="color: green;">Ready</span>
1	Yes	<span style="color: green;">Ready</span>
1	Yes	<span style="color: green;">Ready</span>

### Interfaces

e-Commerce accounts and ERP connectors by defining field maps and value translations that control how data is transferred between the source document (Orders, Invoices, etc.) and the Target when a shipment is processed.

5. Under Printers choose the Connector you want to add printers to

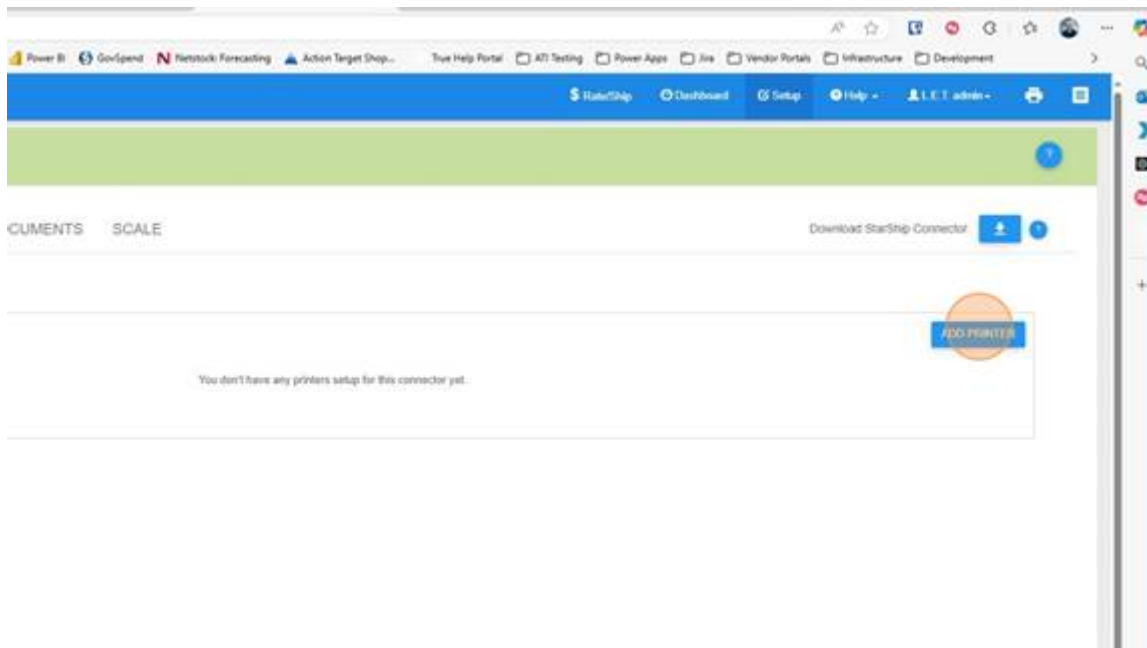

The image shows two screenshots of the STARSHIP web portal's 'Printing & Scale' section. The top screenshot shows the 'CONNECTOR' dropdown menu with 'AT1-APP91.ad.actiontarget.com (Not Accessible)' selected. Below it is a table of printers:

Connector Name	Printer Name	Printer Type	Total Label Size	As
AT1-APP91.ad.actiontarget.com	P44(Blaine) <i>This printer is not accessible.</i>	EPL2 Thermal Printer	4" x 6"	
AT1-APP91.ad.actiontarget.com	P41(Blaine) <i>This printer is not accessible.</i>	Laser Printer		
AT1-APP91.ad.actiontarget.com	P42(Blaine) <i>This printer is not accessible.</i>	ZPL2 Thermal Printer	4" x 6"	
AT1-APP91.ad.actiontarget.com	P43(Blaine) <i>This printer is not accessible.</i>	Laser Printer		

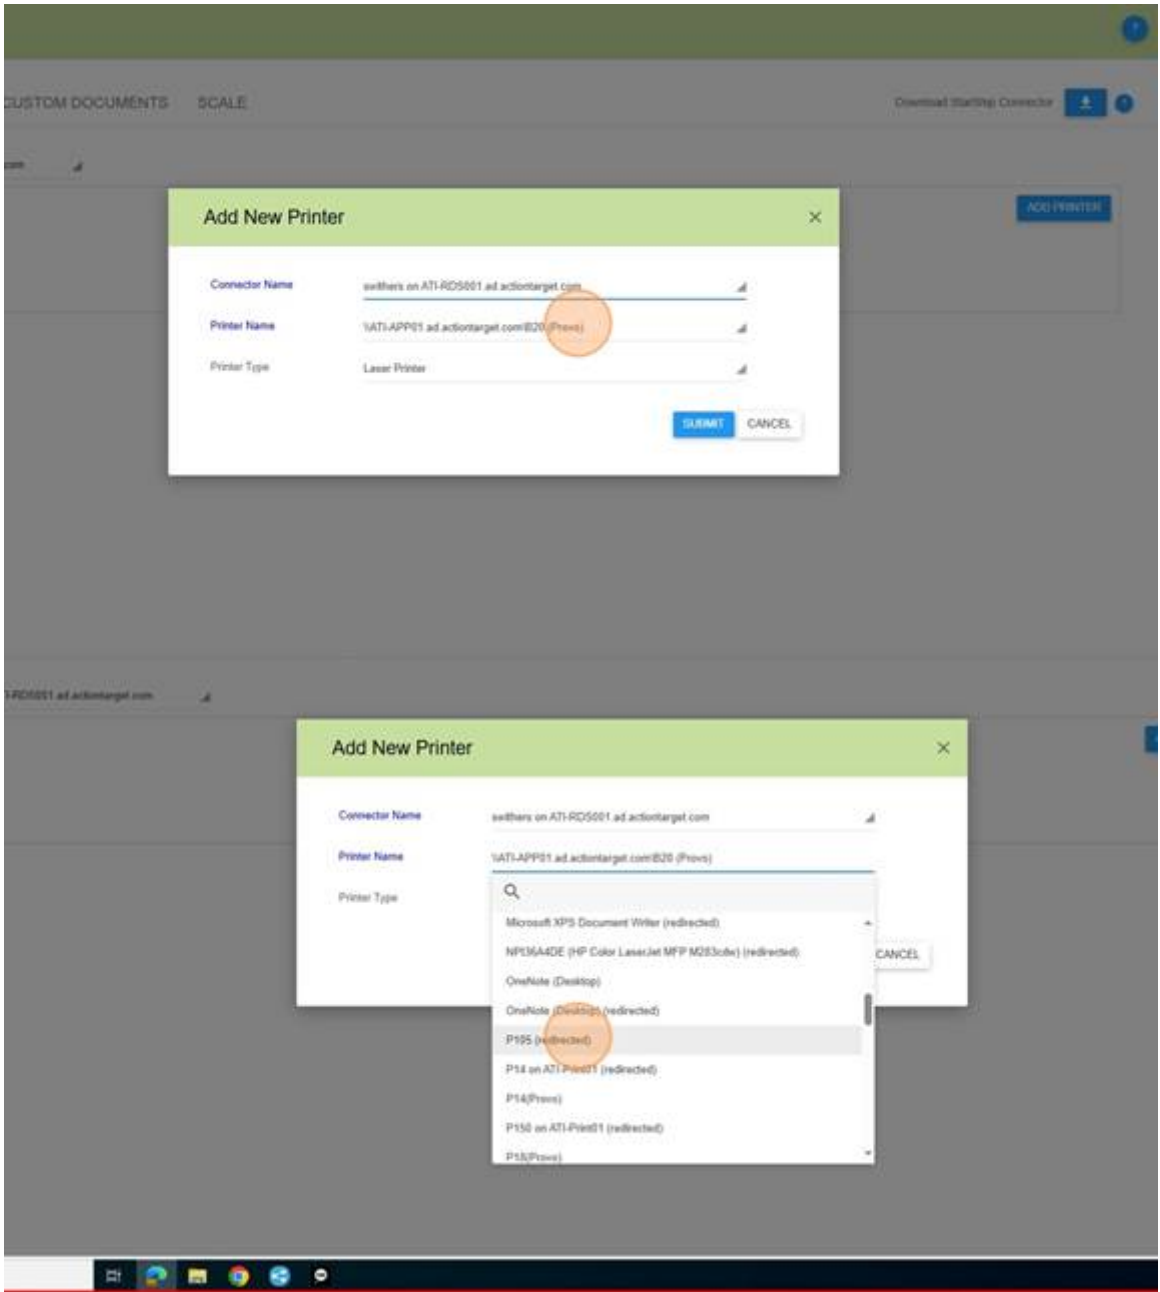

The bottom screenshot shows the 'CONNECTOR' dropdown menu with 'sewthers on AT1-RD5001.ad.actiontarget.com' selected. Below it is a table of printers:

Connector Name	Name	Printer Type	Total Label Size	As
AT1-APP91.ad.actiontarget.com	P44(Blaine) <i>This printer is not accessible.</i>	EPL2 Thermal Printer	4" x 6"	
AT1-APP91.ad.actiontarget.com	P41(Blaine) <i>This printer is not accessible.</i>	Laser Printer		
AT1-APP91.ad.actiontarget.com	P42(Blaine) <i>This printer is not accessible.</i>	ZPL2 Thermal Printer	4" x 6"	
AT1-APP91.ad.actiontarget.com	P43(Blaine) <i>This printer is not accessible.</i>	Laser Printer		

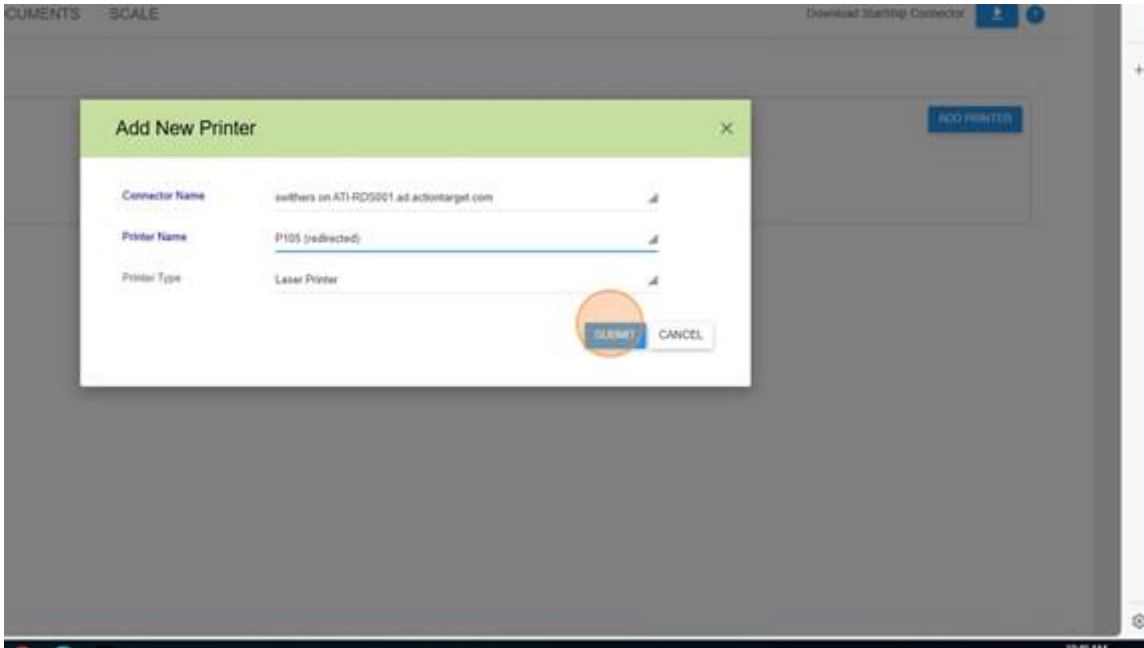

7. Click on "Add Printer"

8. Select the Printer to add

10. Click Submit

11. Continue until all of the Printers the user will be using are added.
